YUAN SHI KAI ABANDONS HOPE

Says Outlook for Dynasty of
Manchus Is Apparently
Hopeless One

DEMAND FOR REPUBLIC IS FAR TOO WIDESPREAD

Elopement of Baby Emperor's
Mother With Actor, a Blow
to Manchu Dynasty

PEKIN, Nov. 21.—Yuan Shi Kai, the "strong man of China," is quoted here today as having said the fight to save the Manchu throne is hopeless in view of the widespread character of the demand for a republican government. It is believed that Yuan soon will cast his lot openly with the rebels.

It is rumored here today that the rebels have re-captured Hankow.

**BABY EMPEROR'S MOTHER'S
FLIGHT IS BLOW TO MANCHUS**
SAN FRANCISCO, Nov. 21.—Another blow has been dealt the tottering Manchu dynasty in China through the elopement of Princess Lai, mother of the baby Emperor and wife of the Prince Regent, with Yung Shu Lu, an actor, known as the "Chinese John Drew."

**CHINESE REPUBLICANS
TO ORGANIZE A BANK**
SAN FRANCISCO, Nov. 21.—The Young China paper, a daily newspaper published here, has received a cablegram from Chian, recently appointed revolutionary Governor of the province of Kiang Su, with headquarters at Shanghai, ordering the publication of the details of a plan for the founding of the National Bank of the Chinese Republic, with a capital of \$1,000,000. A corporation has been organized, says the message, and the newspaper is authorized to sell stock under the supervision of the Kwak Min Bureau, the American financial agency of the revolutionists.

It was announced yesterday that the Kwak Min Bureau, which has sent \$300,000 to the revolutionists, will be re-organized December 4 as the Chinese Republican Association.

BARBARY COAST IS SCENE OF MURDER

Jewelry Salesman Murdered
and Robbed for \$5000
Worth of Diamonds

SAN FRANCISCO, Nov. 21.—Murdered and robbed on the Barbary Coast for \$5000 worth of diamonds, the body of Benjamin A. Goodman, aged 24, a salesman for the Brilliant Jewelry Company of this city, was found in a street gutter on Oregon and Front streets early today. The police believe the body was concealed in some Barbary Coast den from Saturday night, when it is believed the murder occurred, until a favorable opportunity of disposing of the corpse arrived.

Milton Gale made the ghastly find today. He saw the dead man's foot protruding from a mass of debris. He immediately notified the police, who in digging out the corpse discovered that his skull was crushed to a pulp. Goodman is a member of a wealthy Stockton family.

SENSATIONAL EVIDENCE OF ENGINEER MARTZ

WASHINGTON, Nov. 21.—That he padded reports of the railroad to hide its earnings under the personal instructions of John D. Rockefeller's attorney, and that the oil king somehow "absorbed" some valuable stock he held, was the burden of the testimony given today by C. H. Martz, the engineer who constructed the Duluth, Masala and Northern railroad, before the Stanley congressional committee, which is investigating the steel trust.

Japan's "Jingos" Failed in Plan For Expansion

TOKYO, Nov. 21.—Efforts of the Japanese "Jingo" party to inaugurate an era of great expansion in Japan's military and naval power, were defeated here today after a council of the cabinet lasting six hours. It is also probable that a grand exposition planned for Tokyo will be postponed.

Despite the serious financial difficulty which confronts Japan, a strong clique of the nation's leaders stood strongly for the policy of great naval expansion. This program was opposed by the minister of finance who pointed out that Japan at this time must needs go slowly in order to rehabilitate the nation's finances after the great expenditures incident to the war with Russia. His counsel finally prevailed.

**Salt Lake Engine
Fatally Injures Two Men**
SAN BERNARDINO, Nov. 21.—Run down by a Salt Lake railway engine while waiting for the train at Victorville, Frank Ruth and Benjamin M. Cruitt, both badly mangled, were brought here today on a special train. Ruth, losing both arms and legs, will die, while little hope is held out for Cruitt's recovery.

**Art Dealer Pays
\$29,000 for Mazarin Bible**
LONDON, Nov. 21.—Twenty-nine thousand dollars was paid for a Mazarin Bible yesterday in the Ruth li-brary sale at Sotheby's, by Bernard Quatrich, the art dealer, and the price paid is double that obtained when last it was sold at auction.

**Surgeon General
Wyman Dies in Hospital**
WASHINGTON, Nov. 21.—Dr. Walter Wyman, surgeon general of the United States Public Health Department, died today at the Providence hospital, where he has been under treatment for carbuncle.

**Van Pelt Convicted
Today of Manslaughter**
SHELBYVILLE, Ind., Nov. 21.—Charles E. Van Pelt, brother-in-law of Federal Senator John D. Works, convicted of manslaughter here today as the result of the death of Charles Tindall, an attorney, shot in the streets here last August. The manslaughter verdict carries a sentence of from one to 21 years in prison.

**Senator Works Is
Off For Washington**
LOS ANGELES, Nov. 21.—United States Senator John D. Works left for Washington today. A large party of admiring friends were at the station to see him off. The senator's departure was somewhat hastened by the importance to California of a number of matters that will soon come up in Congress.

**STORM BLEW INTO
SEATTLE LAST NIGHT**
SEATTLE, Nov. 21.—Another storm began to blow from off the Pacific yesterday, carrying great masses of mist, which was precipitated over Western Washington last night. Owing to the deforestation of the hills the run off of the rain is more rapid than in former years and more floods are feared.

MEXICO TO PAY CLAIM
MEXICO CITY, Nov. 21.—The claim of China for damages because of the killing of 32 Chinese in this country during the recent revolution has been practically settled by the agreement of the government to pay \$1,550,000 damages. The agreement must be ratified by congress.

SPEAKERS AND SUBJECTS FOR POLYTECHNIC MASS MEETING

The meeting to be held tomorrow night at the Commercial High School building for the discussion of the proposed bond issue for a polytechnic high school, promises to be one of extraordinary interest. The meeting, to which everybody is invited, will open at 7:30 o'clock, and after a short time consumed in the formal organization of a parent-teacher's association, will proceed to the discussion of points pertaining to the polytechnic high school movement.

The subjects and speakers are as follows:
"What effect will a Polytechnic High School have on property value, on the general reputation of the town, and the number of possible new residents?"—Linn L. Shaw.
"Are non-paying pupils from outside districts, crowding out our own pupils?"—John N. Anderson.
(a) "Does Polytechnic work appeal to the average student more than ordinary High School work?"

SENTENCED HIM TEN YEARS IN FOLSOM

Judge West Gave Overacker
the Limit Under Man -
slaughter Verdict

HEARD HIS FATE THROUGH TRUMPET

Stay of Execution Means He
Will Be Kept Here Pending
Result of Appeal

Ten years, the limit under a verdict of manslaughter, was the sentence given Sylvester H. Overacker yesterday afternoon at 4:45 o'clock by Judge West. On Thursday night last Overacker, tried for the killing of G. A. Winn at Newhope on Jan. 13, 1910, was found guilty of manslaughter, a lesser crime than that of murder in the first degree, with the penalty fixed at life imprisonment, of which the first jury that tried Overacker found him guilty.

Overacker was brought into court yesterday afternoon, and there he met his wife and son and his attorneys, Jud Rush of Los Angeles and B. E. Tarver of Santa Ana.

The motion of the attorneys for a new trial was promptly denied by the judge, and Overacker was called upon to stand up for judgment. The judge left his bench and standing across the table from Overacker spoke into the man's ear trumpet.

The judge told the prisoner that the jury had found by its verdict that Overacker had fired the shots at Winn in the heat of passion and was not insane when he fired, in which verdict the judge concurred.

The judge stated that the judgment of the court was that Overacker be confined in the state's prison at Folsom for a term of ten years. Overacker nodded his head and took his seat.

When Overacker was sentenced fifteen months ago it was his request that sentence be to Folsom rather than San Quentin, he believing that a dry climate would be better for his health.

After sentence was pronounced, Attorney Rush handed to the judge a certificate of probable cause, which was signed. That certificate means that an appeal is going to the appellate court, and with it came a stay of execution, which means that the man is not to be taken to Folsom but will be held in the county jail here pending the result of the appeal.

PITCHED BATTLE BETWEEN WOMEN AND LONDON COPS

LONDON, Nov. 21.—The suffrage raid on parliament this afternoon resulted in a pitched battle between the women and the police. For a time the police withstood the attack by the women, preventing them from entering the House of Commons. Over one hundred women were arrested during the first few minutes of rioting. There were many minor casualties, the women resisting the police bitterly and forcing them to use their clubs.

—Miss C. E. Dresser has returned to Santa Ana, and will be prepared to receive a limited number of music pupils, beginning Friday, November twenty-fourth.

(b) "Would this added interest effect better discipline?"—High School Student.

(c) "Would Polytechnic work reach any who, at present, either cannot or will not attend High School? What about the 45 per cent?"—Mrs. E. M. Smiley.

"Since we must soon have a new High School, is there any better plan?"—T. W. Neely.

"How does Polytechnic work effect the girl's relation to the home?"—Elsie Wingood.

"Why not get along with less money for the new school?"—Dr. C. D. Ball.

(a) "Will Polytechnic work raise the respect of the boy for manual labor?"

(b) "Will it bring the boy and the citizens nearer together?"—W. P. Coffman.

Prof. Nealey will explain how much additional tax will be added, if the bonds carry.

Music will be furnished by Miss Williams and Prof. Haynes.

CITY TO CHARGE SCHOOLS FOR WATER

Distinction Between Municipality and School District
Again Shown

JAP LAUNDRY FAILS TO GET A LICENSE

New Safeguard Appliances for
the Fire Department
Are Proposed

Another matter that shows that in the minds of the city trustees there is a sharp distinction between the financial department of the municipality and the financial department of the school district—though in area the municipality and the school district are the same and with the same boundaries—came up at the meeting of the city trustees last night.

This distinction was made two years ago when the Board of Education ceased having its tax rate made by the city trustees. Before that time the school board applied for whatever rate it thought right, and more often than not the city trustees cut it down. The school board then took the other method, by applying through the county superintendent of schools, on whose recommendation the tax rate is fixed by the Board of Supervisors.

The present tax rate was thus fixed on the application of the school board.

The first matter of controversy where the city trustees pointed to the distinction came when the city trustees declined to pay the salary of a school nurse from municipal funds. Another difference of opinion showed up when the trustees ordered that Sycamore street through the Washington school grounds be cut down to grade. The school board protested, but to no avail.

Then came the order of the city trustees to have the sidewalk and curbs laid from Church to Tenth on Sycamore. The school board was advised by City Attorney Heathman that the municipality and not the school district would have to pay for the sidewalks and curbs. The city trustees did not like the idea a little bit, but there is no way out of it.

Last night another distinction and difference arose when the city proposed to charge the schools for the use of city water. City Trustee Grubb said he feared that there might be something of retaliation in the measure, but he thought it well to take some steps to stop what the water works superintendent said was a wasteful use of the city water by the schools. Alderman said he did not mean the proposal to be retaliatory. The water works superintendent was finally instructed to make some arrangements for a charge for the use of the water. The matter came up and was settled as appears hereafter in this report.

Given a Permit
Alderman reported that he and Greenleaf had investigated the vulcanizing works on Sycamore street, and he thought the works ought to have a license. The recommendation was adopted, and the license ordered issued.

Alderman as a committee to investigate the advisability of establishing a charge for sewer connection, reported that he thought no charge should be made now, as the charge would fall on the new sewer district which will be taxed heavily for sewers anyhow. He recommended the matter be postponed indefinitely.

To Improve Street
Property owners on Sixth street from Broadway to Ross asked to have the street improved with gravel and oil, to cost the property owners \$15 per lot. All the owners favor the work. The petition was granted, the work to be done as soon as possible.

More About Laundry
The Fuji Japanese laundry on Sycamore street stated that it had secured a new location at 410 West Fifth street, and a permit was petitioned for.

The city attorney said that a laundry must have a certificate from the city health officer showing that it would not be insanitary, and without odors of an objectionable nature but with proper drainage. McPhee said City Health Officer Clark had told him he would not give a certificate to the laundry for that location, Attorney Anderson for the Japanese having applied for the certificate. There being no certificate filed with the clerk of the Board of Health, the petition for a license was referred back to the petitioner.

McPhee said that location is equally objectionable to the one on Sycamore. It is right back of a bakery and the Blade office. The property owners and residents will all be against it.

Garbage War
Stevens, who has the garbage hauling contract, stated that the former hauler, Caulfield, was usurping Stevens' rights.

GOV. JOHNSON ISSUES EXTRA SESSION CALL

Twenty-Six Subjects Will Be Presented
to the Legislature for Action When
It Meets November 27

SACRAMENTO, Nov. 21.—Governor Johnson today issued a call for a special session of the California legislature, which will convene on November 27.

The call includes twenty-six subjects for legislative action. Among other things it deals with the calling of a primary for expressing the choice of state electors for president; an amendment of the laws relating to highway commissions in counties; an employers' liability act relating to compensation in case of injury of employed; the redistricting of the state into new districts for the California legislature, also congressional and state equalization districts; to alter the boundaries of reclamation district No. 335; to amend the law relating to incorporation, organization and management of municipal water districts; to amend the law creating "The Bureau of Building and Loan Supervisor and Building and Loan Commissioner" so as to increase the power of the latter; to provide a modus operandi for exercising the powers of the initiative, referendum and recall in various subdivisions of the state; to amend the bank act relating to the reserve of commercial banks; to provide for the settlement of the controversy between state and federal governments over the school land grants, and other grants made by the national government; to amend the law relating to the confinement of inebriates and drug habits at the state hospital for the insane so as to limit patients so sent to those who will undoubtedly be benefited by confinement; to provide that district school taxes voted in any fiscal year may be levied by the board of supervisors in a succeeding fiscal year if not previously levied by the board; on appropriation of certain amounts of money to pay a part of the principal and interest of any bonded indebtedness created and outstanding by any county or city on November 8, 1910, as provided for in recently enacted statute separating state and local taxes.

BEATTIE FALLS ON KNEES IN PRAYER

Impending Fate at Last Dis-
pels Jauntiness as Clergy-
men Plead With Him

RICHMOND, Va., Nov. 21.—With only the shadow of jauntiness remaining, Henry Clay Beattie, Jr., condemned to die for the murder of his young wife, knelt in a corner of his cell and prayed today, while in the death chamber, the electricians switched off and switched on the current of the electric chair upon which he is to meet his end and made sure that the apparatus is in satisfactory condition.

The condemned man dies on Friday. Rev. Benjamin Dennis, an Episcopalian clergyman who has been constantly at Beattie's side during the past week, spent several hours in his cell today, accompanied by Rev. Fix, exhorting the prisoner. The gravity of his impending fate finally touched Beattie, he taking refuge in prayer.

WAGE EARNERS WILL SOLVE LIVING COST

Boston Railroad Employees to
Establish Chain of Self
Owned Stores

BOSTON, Nov. 21.—The railroad employees of Boston are to solve the high cost of living problem with a \$50,000 co-operative society, incorporated under the state laws. The plan was drafted by Louis Brandeis. This army of wage-workers will establish a long chain of self-owned stores, which will be utilized as an extended base of supplies, then proceed to distribute all needed necessities at cost price to the 100,000 men now employed on all branches of the New York, New Haven and Hartford system.

Two such stores will soon be opened in this city and others will follow at every railroad center along the New Haven system.

RIVERSIDE SEEMS TO HAVE ELECTED SOCIALIST MAYOR

RIVERSIDE, Nov. 21.—With the woman vote practically all in by noon, the indications at that hour were that L. E. Edmiston, Socialist candidate for mayor, will be elected. He was opposed by W. L. Peters, a former councilman, and K. D. Harger, the independent candidate.

J. J. M'NAMARA CASE MAY GO EAST

Federal Court May Take Him
in Hand If Government
Probe Indicts

SUCH ACTION WOULD PREVENT TRIAL HERE

Atty. Danow Alleges Favor
for the Prosecution By
Judge Bordwell

INDIANAPOLIS, Ind., Nov. 21.—That John J. McNamara may never be tried in Los Angeles for alleged complicity in the destruction of the Los Angeles Times, but will be brought here to face trial before the Federal Court, in the event that the government probe results in an indictment, was again the report today. The Federal officials decline to discuss the case.

DARROW ALLEGES PROSECUTION FAVORED

LOS ANGELES, Nov. 21.—Alleging that the prosecution was given a material advantage by the court's ruling that it can challenge for cause the men who say they would refuse to convict where the evidence is entirely circumstantial, while the defense cannot so challenge, Attorney Darrow today asked the court to re-open the question.

He demanded that Judge Bordwell excuse Loran W. Traver, who had stated that he could not convict entirely on circumstantial evidence where the death penalty is involved. Judge Bordwell denied the defense's application.

M'DAVITT AT LAST PLACED ON TRIAL

Man Who Imprisoned Young
Girl for 15 Months Will Be
Tried By Ranchers

SAN BERNARDINO, Nov. 21.—A. W. McDavitt, dentist, charged with holding Miss Jessie McDonald, a high school girl, a prisoner for fifteen months, was arraigned for trial in the superior court this morning. The venire from which a jury will be secured is composed of sturdy Redlands and Ontario ranchers. Miss McDonald was not present.

The defense lost the first skirmish when the court refused to excuse the venire on the grounds that the undersheriff summoning them, was prejudiced.

UNREST PREVAILS IN SANTO DOMINGO

Murder of Caceres Hastens
Return of U. S. Minister
to His Post

WASHINGTON, Nov. 21.—As a result of the murder of President Caceres of the Dominican Republic, it is likely that Minister Russell, now in this country, will be sent at once to his post aboard an American warship.

Reports indicate the city of Santo Domingo is quiet following the assassination, but there are evidences of an unrest throughout the republic and this is likely to develop into a serious situation.

Under an existing treaty this country has the right to apply a percentage of all Dominican customs on an American loan. An American receiver is now in charge of the collection of import duties.

BEEF PACKERS COUNSEL MAKES UNEXPECTED MOVE

CHICAGO, Nov. 21.—Counsel for the beef packers who are being prosecuted for the violation of the criminal clause of the Sherman anti-trust law, did the unexpected again today when they appeared before Federal Circuit Judge Kohlsaat and moved for the immediate entry of his decision quashing their writ of habeas corpus and granting their appeal. Judge Kohlsaat granted their request.

PUT STOP TO SUNDAY SHOW

Electric Theater at Orange Did Not Put on Inferno Pictures

Orange News: What appears to have been a misunderstanding between the city attorney and the manager of the Electric Theater precipitated an unpleasant incident Saturday evening, when Mr. Marsden, manager of the theater was notified by the police committee of the city board that he would not be allowed to show the pictures of Dante's Inferno in the theater Sunday evening. The Sunday night show had been advertised Saturday afternoon and came to the attention of the Ministerial Association. The association held a meeting and lodged a complaint with President Dittmer of the city board. Mr. Dittmer and Mr. Richards, both members of the police committee, looked up the ordinance, and found that Sunday entertainments of the kind proposed are forbidden. They immediately notified Mr. Marsden, who announced at the theater the same evening that no Sunday show would be held.

The section applying to the case is section 3 of Ordinance 17, which reads:

The grocer knows that his success depends on keeping a stock of high grade brands that please the consumer. That's why he keeps

Three Kinds of **Carnation Mush** Wheat Flakes, Rolled Oats Granulated Wheat

"It shall be unlawful for any person, club, company or association to engage in, carry on, or assist in carrying on any amusement, game, show, any other entertainment on Sunday in the city of Orange, except such as are for religious, educational, or charitable purposes; or to open or keep open any place of amusement for others to engage in or carry on anything in violation of this section of this ordinance."

The churches represented in the Ministerial Association yesterday passed resolutions approving the course of the trustees in stopping the show. President Dittmer was today formally notified of the resolutions passed in the Methodist church where a congregation of 400 was assembled when the resolutions were voted.

Manager Marsden states that he received the impression from the city attorney some months ago that there was no ordinance to prevent a Sunday show, and with that impression he booked the Inferno pictures.

City Attorney Brown announced today that he had never made the statement that there was no ordinance to prevent a Sunday show. "Marsden asked me about six months ago," he said. "At that time I told him I was not sure that there was such an ordinance, but that the sentiment of the town was against Sunday shows, and if such an ordinance did not exist it would soon be passed if tried. The matter was closed there, and I never had occasion to look it up."

ECKMAN IS ELECTED COMPANY OFFICER

Top Sergeant Is Raised By Men's Vote to Second Lieutenant

At company meeting last night, Frank Eckman was elected second lieutenant of Company L, Seventh Regiment, N. G. C., to succeed William A. McFadden, who resigned for the reason that he expects soon to move to Arizona to live. Eckman has had nine years in the guards and for a number of years he has been top sergeant, a position that he filled with great credit to himself and to the satisfaction of his superiors and men. Eckman will take the examination before securing his commission.

TO ADVERTISE CHICKEN SHOW

Pacific Electric Will Do a Good Turn for the Orange County Association

The Pacific Electric is going to do a large amount of advertising of the Orange County Poultry, Pigeon and Pet Stock Association show that is to be held in Santa Ana for four days commencing on Dec. 27. Yesterday S. J. Jackman and L. L. Shaw, representing the association, went to Los Angeles to see the Pacific Electric officials, and they were assured that the railway would do a number of valuable things for the show.

The railway has advertising contracts with nearly all of the newspapers of Southern California, and through them will tell of the poultry exhibition at Santa Ana. For a time before the show, cards will be shown in the cars of the company and on the sides of a large number of cars streamers will be placed advertising the show.

ECZEMA REMEDY ALSO WASHES PIMPLES AWAY

—No remedy that I have ever sold for Eczema, Psoriasis, and all other diseases of the skin has given more thorough satisfaction than the D. D. D. Prescription for Eczema.

A 25c trial bottle can be secured at once.

My patrons find that D. D. D. not only gives instant relief to the itching, burning skin, quickly driving out all the disease germs, but it is also the most delightful wash for the complexion they ever used. Absolutely harmless and pleasant to use. D. D. D. cleanses the skin of all minor impurities, such as rashes and pimples, over night, and leaves the skin clear and smooth as that of a child.

It is now generally known that there is nothing that can equal D. D. D. as a household remedy for all skin troubles, no matter what they are. I, myself, am so fully convinced of the merits of this wonderful remedy that I will charge you nothing if the first full size bottle of D. D. D. does not make good every claim.

Better drop in and talk it over with me anyhow.

The Cause of Constipation

Constipation is, in some cases, the direct result from a torpid or slow acting Liver, brought about by the withholding of the flow of bile. The condition is commonly allied with more or less indigestion and dyspepsia, partly due to the constipation itself.

Many persons have found it comparatively easy to overcome such conditions with a treatment of Rexall Liver Salts.

In our judgment, we feel that this preparation is remarkably well fitted to overcome these conditions, and recommend them to you with the understanding that any money you may have spent with us for the preparation will be refunded in case there are no beneficial results.

GIVES A FINE ELK HEAD TO THE ELKS

The Santa Ana Elks have received a handsome elk's head from Harry S. Kennedy of Los Angeles, a member of the local lodge. A finer head and horns have never been seen here, and they will make a fine addition to the elegant home of the Elks. The head was crated for shipment over the P. E., but was so big that it would not go into the car door, so Kennedy brought it down by automobile.

PROBATION IS GIVEN CLARK

Man Arrested at Fullerton Must Duck If He Happens to See His Affinity

Leo Clark, who was a grocery clerk for Stern & Goodman at Fullerton when he was arrested by Deputy Sheriff Jernigan and returned to Fresno County, has been given probation at Fresno. Clark was with his alleged affinity at Fullerton when he was arrested. Concerning Clark's probation, the Fresno Republican says: "I am doing this rather against my judgment. It's up to you therefore to prove that my opinion is not right. Judging from your past behavior, I feel that you will break your parole, but I hope that you will prove me to be wrong. If you prove me wrong, you will find me the best friend that you ever had."

These were the pointed remarks that Judge Austin addressed yesterday forenoon to Leo Clark, whom he thereupon released on parole at the request of mother and young wife and with the consent of the district attorney's office. Clark was under sentence of two years' imprisonment about a month ago under the new law for having abandoned his wife and two babies and the judgment in whose case called for his being placed on public work and that out of his

credited wages a stipulated sum should be paid by the county for the support of these dependent upon him.

Clark was released on probation for the term as fixed originally in the sentence, and to report under such conditions as to time, place and frequency as Probation Officer Sessions would agree upon. Clark's parole release is conditional upon three things, namely these:

He shall not leave the county of Fresno.
He shall live with his mother.

He shall abandon and cease all relations had with a Mrs. Williams, the pursuit of whom as an affinity led to his neglect and desertion of wife and two children while in business at Kerman.

"By ceasing all relations with this Mrs. Williams or whatever her name is," explained further Judge Austin, "I mean all communication by letter or in person. If you see her on the street, it will be your duty to duck quick."

The explanation was received with laughter, but Clark agreed to abide by all the conditions stipulated, asking only for the privilege when the mills shall have opened, to be permitted to go to Shaver and there seek employment.

The paroling of Clark was brought about largely by the intercession of his mother, who has determined to move from Del Rey to Fresno city. The son will live with her as the young wife and babies, since desertion for the affinity by the accused husband and father have been alone.

Before Clark was released from custody, the wife arose in court and asked Judge Austin to state from the bench specifically what the husband would be obligated to do in the line of support for her babies. The court emphasized the fact on the prisoner that he would be expected to pay the wife \$20 a month for the children.

Clark was decorated with a rose bud in the lapel of his coat, placed there by his mother. Before his case was called up, he had a friendly chat with mother and wife, noticeable for the fact that it was the first friendly overture that he has made to the wife on his various appearances in court in connection with this case.

Delicious Gingerbread

(Recipe by Mrs. Mary J. Lincoln)

Children are great lovers of gingerbread, and grown folks, too, if it is the rich, "melt-in-your-mouth" kind. Here is something the children can eat freely without fear of "tummy-ache":

Mix two cups flour, one-half level teaspoon salt, one level teaspoon soda, one level tablespoon ginger; stir in one cup molasses, two tablespoons softened Cottolene and one-half cup boiling water. Bake in shallow pan. If for dessert, bake in layers. Fill with whipped cream, flavored with lemon.

Cottolene makes light, rich pastry that digests with ease.

ALL STOMACH MISERY ENDS

Indigestion, Gas, Heartburn Or Dyspepsia Go in Five Minutes

"If you had some Diapiesin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine."

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Pape's Diapiesin contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

Nature's Only Timepiece

There is no need for clocks on the Aegean sea any day when the sun is shining. There nature has arranged her only timepiece, one that does not vary though the centuries pass. This natural time marker is the largest sundial in the world. Projecting into the blue waters of the sea is a large promontory, which lifts its head 3000 feet above the waves. As the sun swings round the pointed shadow of the mountain just touches, one after the other, a number of small islands, which are at exact distances apart and act as hour marks on the great dial.—New York Tribune.

A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desertspoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

Handsome New Linens

Imported Direct From Ireland. Just Arrived.

We import a large part of our linens direct from Old Ireland, the home of fine linens. In fact, we buy from the same firm that our largest wholesale houses do, Thomson & Kelly & Co., of Belfast. We can offer you the choicest selections from their immense lines of linens and at prices that are right.

BEAUTIFUL MATCHED SETS, \$5.00 TO \$25.00

Cloths with borders woven on all four sides are coming more and more in demand. They are much handsomer than cloths cut from the piece, as they present a finished appearance. We have cloths in all sizes, 2 yard, 2½ yard, 3 yard, 3½ yard, and some 2½ yards square. These cloths are matched with a dozen napkins in full dinner size, and are priced at, per set, from \$5.00 up to \$25.00, or we can sell you the cloths and napkins separately.

These handsome sets cost no more than goods cut from the piece. Let us show them to you; it is a pleasure. And we are certain that once you see some of these beautiful designs on your table with the borders on the ends just as clean cut as on the sides, you will have no other kind.

SEPARATE NAPKINS, \$1.25 to \$9.00 DOZ.

We have a big line of separate napkins in any quality you may desire. Red bordered napkins come at \$1.00 and \$1.25 dozen. White linen napkins cost \$1.25 up. Our most popular quality is a full dinner size napkin at \$3.75 dozen.

HANDSOME NEW DAMASK, \$1 TO \$3 YARD

The price of linens has advanced about 15 per cent. We were fortunate enough, however, to place orders before the advance. We have marked the cloth on the basis of the old prices, and hence we offer you excellent values compared with what they are worth today.

We have new designs in 72-inch damask, snow white, of the finest Irish yarns at \$1.00 yard. Heavier weights come at \$1.25 to \$1.50. Full double damask will cost you \$1.50 a yard and up. The wrong side of these double damasks is just as pretty as the right side, and they have the weight that gives them that heavy, costly, luxurious appearance.

We have a fine, lighter weight damask, 68 inches wide at 75c. This is a good quality for every day wear.

HALF-BLEACHED DAMASK, 60c TO \$1.50 YD.

We have a large trade in half bleached damask. Many customers want it for every day wear, as you can get a much heavier linen for the same money. It bleaches naturally after a few washings, and comes out a silver white. It is especially strong and durable.

GAME MEN TO RE-ORGANIZE

Protective Association to Work With Commission for Needed Changes

Steps will be taken to reorganize the game protective association of this county. This will be done under the provisions for establishing game protective associations in the counties of the state as outlined by the State Board of Fish & Game Commissioners. A meeting of the members of the old association will probably be called soon.

There was formerly much prejudice against the commission because of the belief that the commission did not act in accordance with the wishes of the people even when those wishes were known. Whatever the misdoings of other commissions were, the present commission seems anxious to find out and carry out the will of the people. This is indicated by the circular letter which explains the plan of organization of game protective associations. The letter follows:

"To the people of the State of California: It has often been said that the fish and game laws of the state of California were passed in the interest of a favored few, to the prejudice of the great mass of the citizens of our state.

"Such impression has gone forth, doubtless, by reason of the fact that the people generally have but little, if any, voice in suggesting or proposing legislation upon the subject, resulting in lack of co-operation by the people with the commission, without which co-operation neither beneficial laws can be passed, nor material progress made.

"The commission sincerely desires the active, hearty and earnest co-operation of all the people of this state in the great work which is before it. This commission will be for the people, and we want their expression as to the laws most suitable for their districts. In other words, we want the people of the great state of California to say to the commission, 'We want this and we want that,' and not for the commission to say, 'We will give you this and we will give you that.'

"This commission intends to assist in getting just, equitable laws concerning fish and game upon the statute books, laws which will preserve the rights of the people therein and be fair to all. To do this, the commission will assist the people of the state of California in forming Fish and Game Protective Associations. The price of membership will be 25c, which will be used to pay the expenses of the delegates of the different counties. Each county will send three delegates or less, whichever they deem best, to where a district meeting will be held. Here the county delegates will decide on the laws most suitable for their district, and at which time they will select a representative, who will be instructed to meet with the Fish and Game Commission two months before the Legislature meets and prepare proper laws.

After agreeing with the representatives the commission will take the proposed laws of the six districts to the legislature and say: 'Gentlemen, these are the laws that the people of the state of California want,' and it is to be believed that they will pass them without delay, thereby saving the people of our state many thousands of dollars, and at the same time giving to the people the laws that are sure to please.

"If you favor the formation of these associations, please sign the enclosed card and forward the same to Hon. E. D. Roberts, state treasurer, Sacramento, together with 25c for your dues for one year. Mr. Roberts has kindly consented to act in this connection, and upon the receipt of your card and dues, will issue you a receipt card of membership and enter your name upon the register for your county. When a sufficient number of names have been received from your county, a meeting of such men will be called at some central point in the county, and at that meeting an association formed, which will

NOT WHITE RIBBONERS, EITHER

A whole temperance lecture is found between the lines of a recent dispatch from the north telling of the work of the state's prison parole board. It is more than a temperance lecture—it is a nosaloon pronouncement. The same is included in a brief report of the work of the commission, and it will be no displeasing news to be told that of the men who are sent out of California prisons on their honor, 85 per cent of them "make good."

But one rule is strictly insisted on when prisoners go out into the world again. Quoting the dispatch:

"Paroled men are not expected to enter saloons or partake of intoxicating liquors. The commissioners, in looking over the cases of those who have violated the trust, find that the majority of the cases where parole has been broken can be traced to liquor. A drink in a saloon—a lapse from the path of sobriety—and the one-time offender gets into the toils again."

That's a sermon in itself. It needs no amplification. The men who constitute the parole board are not in the employ of the Anti-saloon league. They are merely commenting on one of the weaknesses of humanity that gets some men—and women—into prison, and is such a danger to paroled prisoners that they are forbidden to even enter saloons on pain of having their parole revoked.

We suspect that saloons and publicity are the two greatest enemies of the man who is trying to "make good." If the public knows, if the finger is pointed at the former convict, self-respect is rather hard to maintain. This latter feature may develop the parole system until men out upon their honor will not even be required to report to some local peace officer. Suppose, for instance, that Jimmy Valentine had been compelled to report to some individual clothed with a little temporary authority. People who read the story or saw the play can form their own notions as to whether "Alias Jimmy Valentine" could be a possibility.—San Bernardino Sun.

IF BABIES COULD TRAVEL ALONE

The great transportation companies generously carry children under five years of age free of charge. If these eligible babies could travel alone, what an exodus to California the Eastern States would see during the summer months. The Pacific Coast has been advertised as a farming paradise, and the settlers have poured through our mountain passes in a steady stream; it has been advertised for the ninety and nine other great types of resources which attract the people of the world; but never has it been properly advertised as a summer resort for babies.

California's total deaths from diarrhoea and enteritis in children under two years of age has been as follows: 1906, 899; 1907, 899; 1908, 922; 1909, 966; 1910, 1029.

Had California had the proportionate share of deaths (an average of 7.74 per cent of all causes of death) from these causes which occur in eastern and middle western states, the following would have been the record: 1906, 2268; 1907, 2408; 1908, 2420; 1909, 2400; 1910, 2512.

An annual round-trip fare to California is considerable of course, but as balanced against a baby's life it is small. The other expenses in selecting a summering place for the small family are not any greater here than in the east. As a factor in the reduction of infant mortality for the United States, California should play an important part.

CRITICISM OF PUBLIC OFFICIALS

"I am a newspaper man as well as a lawyer and a publicist; but I hope never to see the day when the newspaper shall be the final arbiter as to the integrity and ability of men in public service"—Senator William Alden Smith, in After Dinner speech.

"I think the actions and motives of public men, legislators and others are often misunderstood and misjudged. It is not possible for people at home, hundreds or thousands of miles away from the halls of legislation, to know all the circumstances and conditions which influence the actions and attitudes of legislators"—Hon. Clyde Bishop in After Dinner speech.

"It is unquestionably true that there

is much unfair criticism of public officials. And perhaps the newspaper is the worst offender in this respect. But the newspaper must be credited with the corrective and protective influence. In one hand it carries aloft the torchlight of publicity, and in the other the flaming sword of retribution."—J. P. Baumgartner in After Dinner speech.

CITY TO CHARGE SCHOOLS FOR WATER

(Continued from page one)

vens contract by taking away all the best of the garbage, leaving not enough to feed Stevens' hogs.

The city attorney said that the city cannot prevent Caulfield from hauling garbage. It would be in "restraint of trade."

Grubb: "That would be a horrible thing."

Alderman said that he thinks when the garbage is put out on the street under orders of the city it becomes city property and Caulfield would be stealing city property.

Heathman could not see it that way.

Grubb said the law is unfair. He moved that no one be allowed to gather garbage except on the permit of the board on a license of \$50 per year. This motion was withdrawn.

The health officer was instructed to withdraw all permits issued for hauling garbage except the one issued to Stevens. By this means Caulfield will be prevented from hauling garbage.

Paul Knauf's petition to remove trees in front of his place was granted. The removal of trees at the corner of First and Garfield was allowed.

It was ordered that a bond of \$1000 be required of the new city engineer, S. H. Finley. The engineer will be required to preserve the records.

Those Records

Grubb: "If at any time I unknowingly, unjustly criticize a person, I am willing to apologize. We had been led to believe that the engineer's office was bare of records; then we are told it is overflowing with records. If the records are there as Bates says, I should like to know it, and if they are not there, I should like to know where they are. I call on the new engineer to tell us what records he found."

Finley: "I don't care to be mixed up in this controversy, but if the board wishes, I will give you at your next meeting a detailed list of what is there."

Plans and specifications for the proposed sewer district in the Pacific electric tract, as prepared by Engineer Finley, were adopted, and ordered filed in the engineer's office.

Alderman presented information concerning creosote blocks for resurfacing the Main and Hannah street bridges. These blocks will cost \$42 per 1000 feet board measure. Boards would cost \$23 per 1000.

On Grubb's motion Alderman was instructed to go to Los Angeles to gather further data.

It was found that C. S. Forgy had not been asked to sign the petition for gravel and oil work on Bush north of Washington, and the street superintendent is to present the petition to him.

The question as to whether oil or water should be used on Grand avenue was discussed, but nothing was done.

Superintendent Reid said that painters had offered to paint the reservoir roof, when made, for about \$725. Reid thought the city could dip the entire roof, piece by piece, for that. He could tell for sure by experimenting with a barrel of "dope." Reid was given permission to conduct his experiments.

The clerk was instructed to order a car of road oil.

Water and Schools

Alderman: "It has been called to my attention that the schools have been extravagant in the use of water. The schools should bear their share of keeping up the expense of the water department, and I move that the superintendent be instructed to put meters on the school buildings and the schools pay for the water furnished them."

Greenleaf seconded. Grubb opposed the measure. He moved an amendment that the schools be allowed a certain amount, and pay for all excess.

Reid said the schools have a number of continuous flowing faucets and flushes, and he had called attention to this a number of times. If charged for, the schools would use less water.

McPhee: "Why give the schools any free water? Later they have shifted onto us the burden of paying for all their sidewalks."

Reid said each of six meters would cost \$80. Grubb then withdrew his amendment.

Alderman said the city should no more furnish a school district, over which the city has no control, as to tax rate, with free water than it should furnish the county courthouse with free water. The school used city water to irrigate walnut trees.

The schools have refused to change their fixtures to fixtures that use less water.

McPhee suggested charging a flat rate. Owing to the cost of the meters, Alderman withdrew his motion and Reid was instructed to confer with the school board in regard to establishing some equitable rate for water.

Alderman asked the board to consider the advisability of demanding that the Pacific Telephone Co. take out a franchise. The city attorney said the case in the courts had not been finally settled, and he did not think it best to make the demand as yet.

Alderman said a meeting had been scheduled for tomorrow night to consider conduits and cluster lights.

Says P. E. Quit

Alderman: "The Pacific Electric has quit work here again. Its men are gone. I move that the city attorney write another of those letters, and if necessary start prosecution. I am getting tired of this dilly-dallying."

Grubb: "On account of the North Main street work I have been going home by the back way for weeks."

Greenleaf's motion carried.

Alderman reported that the city jail is very dirty, and needs fumigation and painting.

"If we don't fix that up," said he, "the grand jury will be after us." Greenleaf was given power to attend to the matter.

Safeguard the City

William McCulloch, city electrician and representative of the fire department, stated that the department is in need of two additional appliances. At present ninety-five per cent of the fire-alarms come in by telephone, and when the fire-whistle is blown, the firemen must needs ride to the fire hall before finding out what direction to go to get to a fire. The apparatus suggested by McCulloch is a transmitter at the hall so that the man receiving the telephone call may punch a button and ring the call of the fire-horn nearest the fire, and, second, a tape alarm machine at the water works that the engineer by no chance may be mistaken in regard to the location of the fire. The first will cost \$122.50 and the second \$112. f. o. b. Detroit. The matter was referred to the fire committee, Alderman.

Heathman: "I was asked to present to you a matter, and that is, does the board feel like passing an ordinance prohibiting building bon-fires in the open in the fire district?"

The question received no reply, and the board adjourned.

FAMOUS WALNUT TREE PRODUCED 400 POUNDS NUTS

ELSONORE, Nov. 21.—The walnut crop this season is everywhere abundant and prices will be good. The Elsinore growers are receiving from 12 1/2 to 15 cents per pound.

Mr. Root's famous big tree takes the honors again this year for abundant yield. Mr. Root has already taken 380 pounds of nuts from it, and estimates there will be between twenty pounds more, making a total of 400 pounds. Last year the yield was upwards of 300 pounds, and this was pronounced phenomenal by J. B. Neff of Anaheim, the noted walnut expert and State Institute worker. The tree has a spread of about fifty feet, is situated in moist ground, and is abundantly fertilized, being surrounded with a chicken corral. It is upwards of twenty years old.

It has done more good and done more damage than all the powder that has been manufactured since Adam winked at the sun.

THE HERPICIDE GIRL IS THANKFUL

—I am always grateful for real blessings, and I know of nothing that I need to be more thankful for than Newbro's Herpicide. Thousands of ladies not only in the United States but all over the world feel the same way about it. To this wonderful scalp and hair remedy they owe their soft, long, beautiful hair.

Mary J. Terry, of Lovejoy, Ill., writes: "My hair came out until there was just a scanty cover for the scalp. I tried everything I ever heard of or read about until I finally used Herpicide. There is nothing like it. My head is now covered with new hair. I shall forever praise Herpicide."

Most hair troubles come from dandruff. Newbro's Herpicide removes this dandruff by killing the germ which causes it. It also stimulates a flow of blood which nourishes the follicles. The scalp being healthy, the hair does not come out and the new hair is allowed to grow.

There are other preparations which they say are "just as good" as Herpicide. It is not advisable to try them. Instead of doing any good they may do positive harm.

No one is ever disappointed in Newbro's Herpicide. The results are always satisfactory as is indicated by the fact that Herpicide has been sold for years and has thousands of satisfied friends. It is the only genuine, original dandruff germ destroyer. There is nothing "just as good."

One dollar size bottles are sold and guaranteed by all druggists.

Applications at good barber shops. Send 10c in postage for sample and book to The Herpicide Co., Dept. R, Detroit, Mich.

Unchanged
"I met Dunkey today for the first time for years. He hasn't changed much."

"Oh, he hasn't changed at all, but he doesn't seem to realize it."

"How do you mean?"

"Oh, he's forever talking about what a fool he used to be."—Red Hen.

Back From Europe

Mr. and Mrs. Fred Rafferty and Miss C. E. Dresser arrived here yesterday afternoon at 4 o'clock from a more than five months' absence, during which they toured Europe and spent a short time in the Eastern part of the United States.

They left here in June last, and on Oct. 15 started on their return journey from the port of Naples, Italy, on the liner Carpathia. Obligated by quarantine conditions to go to Messina, Sicily, they saw the scenes of much interesting ancient history as well as one of the most disastrous earthquakes of modern times. Later they touched at Almeria, Spain, where they were held in port for two days, the steamer unloading a cargo of grapes. A storm at sea of sufficient severity to give the travelers more than a taste of what a big storm might be, was experienced before reaching New York. The ladies were more or less uncomfortable, not only during the storm but on most of the return ocean voyage.

Nine days were spent in New York after that harbor was reached, the party being fortunate enough to meet several friends there, among them being Miss Belle Chilton of Santa Ana, whom they unexpectedly ran across at a flower show. Several days were spent at Louisville, Ky., where friends of Miss Dresser were visited. Mr. Rafferty was fortunate enough to meet many prominent florists, among them the president of the American Florists' Society, from Baltimore, Md., at a florists' banquet which he attended. Mr. Rafferty found the flower growers much interested in the flora of California.

Returning by the Santa Fe, the travelers missed the storms of last week, with the exception of a light snow fall in one of the states. They are all glad to be back in the land of sunshine, and said that it is the "best spot on earth."

Electricity Demonstration
At a recent meeting of the Household Economics Section No. 3, of the Ebbl Club, held at the palatial home of Mrs. Andrew Getty, a demonstration of electricity in household uses was made by Mr. Robertson. He showed the ladies the wonders of an electric toaster, stove, radiator, washing machine, sweeper and coffee percolator. Later hot biscuits cooked by electricity were served with delicious fruit salad. Papers on the uses of electricity were read by each lady present, the paper of the afternoon on that subject being read by Mrs. Swerdfeger.

The house was prettily decorated for the occasion with Maman Cochet roses, and Mrs. Getty, as hostess, made the afternoon very pleasant for the large number of ladies present.

Literature Section
This section of the Ebbl Club will meet Thursday afternoon at the home of Mrs. A. J. Lawton, 1104 French street, at 2:30 o'clock.

Glenn Martin on "The Art of Flying"
The Brotherhood of the Congregational church will hold their monthly banquet in the church parlors on Wednesday evening, at 6 o'clock sharp. The ladies of the Amphion Circle are preparing an oyster pie supper for the occasion. The speaker of the evening will be our fellow-townsmen, Glenn Martin, who will tell the men something about the art of flying and the problems and difficulties to be overcome. The meeting will be open to all men of the city, and a cordial invitation is extended to them to be present.

Jolly Intermediate Party
Mrs. Havens and Miss Edith Havens entertained the Intermediates of the Christian church last night from 6:30 to 9 o'clock. The home was decorated with ferns and chrysanthemums, the flowers being a gift from Roy Bursk of Riverside.

After a brief business meeting the young people adjourned to the yard, where a big bonfire was soon started in some piles of cypress wood. "Weenies" and apples were roasted, and these, with other good things to eat, added to the jollity of the occasion.

Mrs. and Miss Havens proved delightful hostesses and the Intermediate members lived up to their reputation for being able to have a good time.

Those present, besides the hostesses, were Misses Ruth Lucas, Matilde Blue, Emma Davis, Virginia Hayes, Mary Pease, Carmine Mitchell, Thelma Blue of Santa Ana, and Miss Bess Annin of Orange; Messrs. Morris McElree, Guy Pearson, Eugene Eckley, Charlie Jackman, Clare Burkett, and Roy Bursk of Riverside. Mr. and Mrs. Paul E. Wright were the chaperons of the enjoyable event.

The Woman's Civic Club
The Woman's Civic Club held its second meeting Saturday afternoon at the city hall. The club is fortunate in securing such a president as Mrs. W. B. Tedford, recently elected, who is well versed in civic affairs. A clear and able talk was given by Mr. Nealley. His subject was taxation in its various forms. The dif-

ferent branches of our government obtain the money for running expenses in various ways. The Federal government by direct taxation, tariffs, duties, etc. The state and local government by direct and special taxation.

Mr. Nealley had tables showing the principal uses to which the city and county moneys are put. He also explained the issuing of bonds, how they mature, etc., and the probable effect that the proposed school bond issue here would have on the city rate. He recommended that those wishing to study the subject further should obtain the following books: "The Statistical Abstract of Orange County," which may be had of the county clerk. "The Statistical Abstract of California," from the secretary of state, Sacramento. "The Statistical Abstract of the United States," which may be obtained from the Department of Statistics, Washington, D. C., and the World's Almanac, which is for sale at any book store. The other books are free.

There seems to be a misunderstanding on the part of many concerning the Civics Club. It is a club formed by women for the study of civics or the problems which they will have to meet in casting the ballot.

The meetings are held at the city hall on the first and third Saturdays of each month, and any woman is welcome to any or all of the meetings. If she wishes to become a member of the club proper, she may do so by the payment of 25 cents per year.

Mr. Nealley is most generously giving of his time and wide knowledge to help the club, and there will be other speakers during the year.

The club hopes to become a force for civic righteousness in the community, but to do so it needs the help of every woman in Orange county. Next summer the county will be plunged into the turmoil and misrepresentation of a presidential campaign. Will the women of Santa Ana and Orange county, voters of less than a year, cast their votes by the light of their knowledge or of their prejudices? No woman of Orange county can afford not to belong to the Woman's Civics Club.

Address Tonight
Under the auspices of the Men's League of the United Presbyterian church, Rev. John Ross, D. D., of Highland Park, will address the men, the Sabbath school officers and teachers, and those interested in Bible study, at the United Presbyterian church this evening at 7:30. All are cordially invited to this meeting.

Dollar Social
The ladies of the United Presbyterian church will hold a dollar social at the home of Mrs. Robert McFadden at 1118 North Main street tomorrow afternoon. Every lady who is interested in any way in this church is cordially invited to attend, and thus have the privilege of contributing toward the furnishing of the parlor of the new church.

Nobles to Give Oyster Supper
The American Nobles will give an oyster supper in the Fraternal Brotherhood Hall on Wednesday evening at 7 o'clock. All the members are urged to come out. A good time is anticipated.

Juvenile Party
It was a jolly party of little girls who gathered at the home of Nelda Machander Saturday afternoon to help her celebrate her ninth birthday. Outdoor games were played for a time, then they went into the house and joined in an animal hunt, in which Roxanna McPhee was the most successful hunter and received a toy dog as a reward. In attempting to feed the Teddy Bear, Janet Deitrich captured first prize. A delicious two course luncheon followed, in which the color scheme was pink and white. As darkness

CONFIDENCE

We Back Up Our Statements With Our Personal Reputation and Money

—We are so positive that we can relieve constipation no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthier activity.

This discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c, 25c, and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Dean's Drug Store, 104 West Fourth street.

A Little Talk On THERMOS
This is the time of the year when "Thermos Bottles" are in great demand.

Chilly days and nights. It's mighty nice to know that when you start out on a trip of some kind and you feel cold and uncomfortable, you can open a Thermos Bottle and serve yourself some deliciously hot concoction.

And when you go to work in the morning and it's cold and disagreeable, it's pretty fine, when you can open a Thermos Bottle and partake of some good hot, stimulating drink.

And think of the advantages of one of these bottles in the sick room, nursery, traveling.

And think of how cheap they are now.

DANDRUFF AND ITCHING SCALP YIELD TO ZEMO TREATMENT

—Why should you continue to experiment with salves, greasy lotions and fancy hair dressings trying to rid your scalp of germ life. They can't do it because they cannot penetrate to the seat of the trouble and draw the germ life to the surface of the scalp and destroy it.

Why not try a PROVEN REMEDY? One that will do this. We have a remedy that will rid the scalp of germ life and in this way will cure DANDRUFF AND ITCHING SCALP.

This remedy is ZEMO, a clean, refined, penetrating scalp tonic that goes right to the seat of the trouble and drives the germ life to the surface and destroys it.

A shampoo with ZEMO (ANTI-SEPTIC) SOAP and one application of ZEMO will entirely rid the scalp of dandruff and scurf. Do not hesitate, but get a bottle of ZEMO today. It acts on a new principle and will do exactly what we claim for it.

WALL STREET ON DYNAMITE KEG SAYS PAUL WARBURG

Stock Exchange Loans Dangerous—Idle
Cash Should Go Into Commercial
Paper—Favors Nat'l Reserve

NEW ORLEANS, La., Nov. 21.—“Wall Street is a ruler on a keg of dynamite,” said Paul Warburg, the New York banker, member of one of the great international financial firms, today, in pleading for banking reform and panic insurance before the American Bankers' Convention.

Mr. Warburg said that the great weakness of American banking, as compared with European banking, lay in the dangerously large use of Stock Exchange collateral as the basis for bank loans instead of the use, as in Europe, of commercial paper arising out of the normal day-to-day movement of goods from producers to consumers.

“The main assets of a bank,” he said, “ought not to be stocks and bonds, nor loans on stocks and bonds, but commercial paper. But a bank, the deposits of which may be withdrawn on demand at any time, must have assets which can be reduced to bank credits within the quickest time and with the smallest possible loss. Commercial paper and bank acceptances form the main asset of Europe.

to act, suspension would have been inevitable.

“We had no war scare in 1907, and the country was full of gold, but rates of 50 per cent and 100 per cent could not bring money, because our system—or rather lack of system—had killed our own confidence in our own credit. We have no credit system, but a dis-credit system.

“Not infrequently one hears the remark: If it be true that the National Reserve Association will democratize our system and turn the banks' call money into the bill market to a large extent, taking it away from Wall Street, why should the latter favor the new law?

“The answer is plain: This overflow of money, which in times of ease floods New York, and which in times of need, is withdrawn with such vehemence that it causes violent convulsions, is no blessing, but a source of danger to that city.

“Wall Street, at present, is a ruler on a keg of dynamite. And, like many an absolute ruler in recent years, it finds it more conducive to safety and happiness to forego some of its prerogatives, thrust upon New York not by its own will, but as a result of our present laws and conditions, and to turn a money oligarchy into a constitutional democratic federation. The National Reserve Association, if enacted into law, will take the monetary system of the United States out of Wall Street.”

NO POLITICS IN BANKING REFORM, SAYS PRES. WATTS

NEW ORLEANS, La., Nov. 21.—F. O. Watts, of Nashville, Tenn., president of the American Bankers' Association, urged upon the bankers' convention here today the necessity of keeping banking and currency reform legislation out of politics.

“If the bankers and business men,” he said, “who must be the leaders in the reform movement, succeed in keeping the question non-partisan, and in convincing the public beyond a reasonable doubt of the integrity of the control, then its enactment, in law will be an easy accomplishment.”

To keep the control of the National Reserve Association out of speculative Wall Street, and out of the hands of politicians, said Mr. Watts, were two most important considerations in the drafting of banking reform legislation.

BANKERS IN NEW ORLEANS
NEW ORLEANS, Nov. 21.—Prominent bankers from all parts of the United States thronged the corridors of New Orleans' hotels last night discussing various matters that will come before their thirty-seventh annual meeting today. The “Aldrich currency reform plan” will occupy nearly the entire session.

LUMBER INDUSTRY MOVING WESTWARD

WASHINGTON, D. C., Nov. 21.—A preliminary statement of the output of lumber, lath, and shingles in the United States during the calendar years 1910, 1909, 1908 and 1907, was issued today by Census Director E. Dana Durand. It was prepared under the direction of William M. Stuart, chief statistician for manufactures, by Jasper E. Wheelchel, expert special agent. The data were collected in co-operation with the Forest Service of the Department of Agriculture, and form one of a series of annual reports regarding the lumber and timber manufactures.

The reported production of lumber in the United States during 1910 was 40,918,252 M feet board measure, as against 44,509,761 M feet in 1909, 33,224,369 M feet in 1908, and 40,256,154 M feet in 1907.

Washington Leads in Production
Washington, which had been the leading state in lumber production since 1905, not only stood first in 1910, but showed the largest actual increase in output over 1909. Mississippi, on the other hand, while still one of the heaviest lumber producers, reported the largest actual decrease from 1909. Although the total reported production in 1910 was less than that in 1909 by only 10.1 per cent, all of the states showed a decreased cut in the later year except Washington, Louisiana, Oregon, California, Idaho, Montana, Arizona, and Wyoming, all of which, with the exception of Louisiana, it will be noted, are on or near the Pacific coast.

The Industry Moving Westward
Of the four principal lumber regions, the decrease during the past four years has been greatest in New York and the New England states, and less marked in the Lake states, while the Southern states and the Pacific coast group, which are the newest centers of lumber manufacturing activity, have steadily increased their production. In 1907 New York and the New England states contributed 9 per cent of the total cut, as against 6.2 per cent in 1910; the Lake states supplied 13.6 per cent in 1907 and 12.5 per cent in 1910; while 49.3 per cent of the total was reported from the Southern states in 1907 and 43.9 per cent in 1910. The cut of the Pacific coast states increased from 16.8 per cent of the total in 1907 to 18.6 per cent in 1910. The relative prominence of the Southern group of states in lumber production has been maintained during many years owing to the continuous and rapid development of the industry in the western portion of this region, thus making up for its decline in the eastern and older lumber states of the group. In fact, the general westward movement of the lumber industry during the past decade is indicated by the fact that only a little more than 30 per cent of the total output of lumber in the United States in 1900 was cut west of the Mississippi river, while in 1910 about 45 per cent was reported from that region.

ADVANTAGES OF A CHECKING ACCOUNT

In the regular course of business the depositor receives checks on many banks. It is not necessary for him to present these checks for payment at the banks on which drawn, but he may deposit them here, and this bank collects them for him through the Clearing House, without charge, and credits them to his account. Checks on out-of-town banks may be deposited in the same way, for collection.

LOS ANGELES PRODUCE MARKET

Trading was brisk on the market yesterday. There was a good outlet for the light receipts along all lines. A firm tone was noted throughout the day.

The feature of the market was the advance in prices on Highland potatoes. On Saturday the market was reported weak on this variety, and as a consequence prices had declined materially; \$1.75 was the top figure quoted on the best stock. Yesterday an advance of 15 cents a hundred-weight was noted on the best stock. The low level was fixed at \$1.75. Carload lots sold in a jobbing way at \$1.57. Other varieties were unchanged in prices. The market was reported firm generally. Receipts were only moderate, but considerable stock is held. Arrivals were 3270 sacks.

The fruit market was in good shape, and there was a good movement of light receipts.

Light receipts of fancy table grapes served to keep the market in good shape. Most varieties were cleaned up early. Tokays ranged in price from \$1.10 to \$1.50 a lug box. Cornichons sold from 85 cents to \$1.10 a lug. Malaga grapes were best in call at \$1.25.

There was a fair demand for Christmas cantaloupes. Most of the stock sold from \$1.50 to \$1.75 a crate.

There was a good movement of apples. Jonathans were in heavy call at from \$1.75 to \$2.35 a 4-tier box. Bellefleurs sold between 90 cents and \$1.25 a 4-tier box. Arrivals were 3842 boxes.

In the produce line receipts were light, and the market throughout the day was firm to steady.

The onion market showed considerable firmness. Arrivals were light, but no material change in quotations was noted. Receipts were 2767 sacks.

Sweet potato arrivals were only seventeen sacks. The market was steady.

Bean receipts were 1220 sacks. The market was inclined to be weak.

The egg, butter and cheese market ruled firm under light arrivals.

Egg receipts were only thirty-nine cases reported in by rail. There were a few cases received from local ranchers, which served to some extent to meet the demand. Storage stock was well received at prevailing prices.

Butter arrivals were 14,940 pounds. The bulk of receipts were of fine creamery stock; there was a good outlet for this grade, and prices were firmly upheld.

The cheese market was very firm. Arrivals were light, and were confined to Oregon dairies and northern fresh. No change in prices was noted. Arrivals were 195 pounds.

AT THE COURT HOUSE

MANUEL LOPEZ IS ACQUITTED

Jury Found Accused Vaquero
Not Guilty of Horse-
Stealing

A jury seceded, the evidence all in, and a verdict by 4:30 o'clock the same day that the trial begun was the record in the case of Manuel Lopez, tried yesterday on a charge of horse-stealing. The verdict was not guilty. Lopez and a friend, Francisco Cunaco, had been drinking together at Buena Park. Cunaco declared Lopez took his horse and buggy without permission. Lopez said he took it with Cunaco's request that he go to Anaheim for more liquor. Lopez said he was intoxicated and does not know what came of the horse. Attorney Steele Finley, who defended Lopez, put the man on the stand to tell his story. On cross-examination Lopez stated that he had been convicted of a felony.

With the verdict of not guilty, Lopez got up and was filing out with the jury without waiting to be formally discharged. However, Judge West said the words discharging the prisoner before Lopez got to the courtroom door. Lopez was a vaquero on the S. & M. ranch in the Santiago canyon.

Suit Is Begun
J. M. C. Hill has begun suit against Nick Karales on a lease. The complaint alleges that there was \$500 rent due on Nov. 1, and judgment for \$300 damages is asked because Karales pastured cattle on alfalfa land in violation of the lease terms and failed to spread manure upon certain lands. Scarborough & Forgy are attorneys for the plaintiff.

Action on Note
Suit on a promissory note of \$500 was begun today by the First National Bank of Huntington Beach against J. N. Ellis. The note is for \$500 and was signed Feb. 28, 1911. Watkins & Blodgett are attorneys for the bank.

Marriage Licenses
Jacob Finkelstein, 21, and Lillian L. Sapiro, 18, both of Los Angeles,

Ralph W. Walter, 18, of Los Angeles, and Lillian L. Claybaugh, 19, of Anaheim.

ALLEN PRELIMINARY EXAM. SET FOR SATURDAY
Mrs. J. B. Allen, alias Mrs. Hugh Adams was brought into court today on the charge of passing worthless checks. The woman was put under a \$1500 bond and her preliminary trial set for Saturday at 9:30. She stated to the court that she had an attorney. The check given Crookshank-Beatty was under the name of Mrs. J. B. Allen and the one given in Anaheim was as Mrs. Hugh Adams. While in court today she declares her true name to be Mrs. J. B. Allen.

Stoke Neal Fined \$100—Will
Probably Serve It Out in
County Jail

Stoke Neal was today found guilty of selling liquor illegally, and he was sentenced to pay a fine of \$100. The jury that tried him recommended him to the mercy of the court, Neal

being an old man. The witnesses against Neal were Constable Squires, Deputy Law, Ramsey and Placentia, and they made a plain case against him.

There are several other charges against Neal. After he was arrested he got out on bail, and within two weeks was arrested for again selling liquor. He was defended by Attorneys Weisel & Dutton of Anaheim.

Justice Cox read him a lecture, advising him to sell no more liquor. "Well, I'll try," said Neal. Neal will probably serve the entire \$100 out in jail at the rate of \$1 per day.

CAWSTON OSTRICH FARM IS SOLD FOR HALF A MILLION

LOS ANGELES, Nov. 21.—On the twenty-fifth anniversary of his arrival in this country from South America with the first ostriches ever brought to America, Edwin Cawston, its chief owner and managing director, has sold to a syndicate of local bankers a controlling interest in the Cawston Ostrich Farm at South Pasadena for a consideration of something more than half a million dollars.

Hard Luck
"Good morning, Dr. Squiller."
"Good morning, Mr. Tympan."
"Do you remember officiating at my wedding about six months ago?"
"Why, certainly."
"And when I gave you \$25 as a wedding fee you seemed pleased."
"So I was."
"Well, if you have a spark of feeling in your breast, you will refund me at least \$25.50 of that amount. My wife has run away with a chauffeur."

Mixed
"You don't seem to enjoy your wife's musical."
"No," replied Mr. Cumrox. "I got confused as usual. I never can remember that a Cremona isn't something to eat, and that a meringue isn't something you play on."

Two fine turkeys, a hen and a gobbler will be given for Thanksgiving to patrons of this store. The only thing you have to do to win one of these birds is to make a good guess.

A guess with each purchase, large or small. You can make a guess every time you buy anything up to 12 o'clock.

WEDNESDAY, NOV. 29TH.
The one who guesses nearest to the live weight of the gobbler will get the gobbler and the one who guesses nearest the live weight of the hen, wins the hen.

See the turkeys in our window, then guess. Try for a turkey, begin today.

HIGH TEMPER NO DEFENSE IN THE SOLLARS MURDER

STOCKTON, Cal., Nov. 21.—Declaring that high temper is no defense for murder, and that so long as his mind was not in total oblivion, Editor S. B. Axtell is responsible to the law for killing Charles Sollars, Assistant District Attorney Rendon today opened his argument to the jury. "The law of California rejects the doctrine of emotional insanity—in insanity beginning on the eve of the crime," said Rendon.

AMUSEMENTS

Lecture By Dr. George Wharton James

One of the coming events which is attracting a great deal of attention just now is the lecture to be given by Dr. George Wharton James next Friday evening, Nov. 24, at Spurgeon's Hall. Those who were so fortunate as to hear Dr. James when he lectured at Elks' Hall in April last, will realize what a treat is in store for them in the coming lecture.

"The Poetry of the Symbolism of Indian Basketry" is the subject of the lecture, illustrated with the lecturer's historic collection of Indian basketry.

The Pittsburg Gazette says: "This lecture is as fascinating as a fairy tale."

Dr. James, who is an enthusiastic honorary member of the American Woman's League, comes to this city under the auspices of the local chapter of that organization, and is giving the chapter the benefit of a reduction in price, thereby enabling the members to place the price of admission at a much lower figure than the usual admission for these lectures.

Such lectures are one feature of the educational work the league has undertaken, and the local chapter trusts that the citizens will show their appreciation by greeting Dr. James with a crowded hall. See elsewhere in this issue date and price of admission.

Grand Opera House

Not many plays now-a-days can show a record equal to that of "In Old Kentucky," announced for appearance at the Grand Opera House on Thursday, Nov. 23rd. Without question, it is one of the most successful plays ever produced in this country. Its popularity is widespread and its fame lasting. The tendency of later-day dramatists is to write upon themes of immediate public interest, questions of contemporaneous importance. These are the plays that interest for a day or a year and then become stale. Not so with a play like "In Old Kentucky," which, it would seem, was written for all time and to fit all changes in public sentiment. It is not so difficult to account for the continued prosperity of the piece, when its dramatic merit and generous supply of excellent features are considered. It tells a delightful story of the Kentucky hills, it depicts stirring incidents true to any time and clime, and it abounds in a simple, wholesome philosophy of true living that makes a direct appeal to all. The pick-aninny feature (a score or more of little colored lads in songs, dances and band music) delights young and old alike, the horse race loses none of its interest by frequent repetitions, and the comedy is so unctious and breezy that it never fails to please. One secret of "In Old Kentucky's" wonderful success is an excellent company, which is always provided by the management.

"Dante's Inferno" Last Night
One of the largest gatherings ever attending a moving picture exhibition in Santa Ana, visited the Temple Theater last night to witness the greatest of moving picture productions, "Dante's Inferno," and it is one wonderful entertainment, five reels, and every picture as sharp and clear as any photograph ever made; steady as though they were hanging on the wall. Tonight will find another crowded house, while tomorrow (Wednesday) afternoon at 2:30 and night at 8:15 will be the last opportunities you will have to see the original "Dante's Inferno," about a two hours' exhibition, and only one afternoon and night. At the Temple tonight at 8:15.

Basket Creams
Make a very short, sweetened pie crust, roll thin and cut in squares. Bake them delicately and fasten the two opposite corners together, while hot with a toothpick. Serve filled with whipped cream or any kind of filling preferred, and either hot or cold, according to the kind of filling used.

MISSION

"I Dearly Love a Bargain"

"And that is what I got in my new Macey Book Cabinet. In it I possess a piece of furniture for my home that radiates the style, the good taste, and the genius of an Old Master; and my enjoyment is all the greater because it actually cost less than I would have paid for an ordinary bookcase."

"To have in my home and before my children constantly the influence of a mind like Thomas Sheraton, Robert Adam, Fra Junipero or Chippendale, who were among the world's greatest Masters in Furniture, and to realize that such golden gifts of good taste and harmony were to be mine without costing something extra, was indeed a new and pleasing experience for me."

The new Macey Book Cabinets do not look sectional, but they are. They have been designed and wrought out as the Old Masters would have built them. They are made in such a variety of styles, grades and sizes, and all at such popular prices, that every taste may be satisfied, every expectation realized.

The bold but graceful Colonial patterns; the delicate and chaste Sheraton; the graceful and pleasing Chippendale; the quaint Arts and Crafts or more rugged Mission made of mahogany or oak in all the popular finishes, afford such a variety to select from that your choice will not prove a disappointment to you afterwards.

Every new Macey Book Cabinet has the perfect non-binding doors which add so much to their value and are fitted with moveable and interchangeable feet—an exclusive feature of Macey Book Cabinets without which the correct styles of the Old Furniture Masters could not be carried out in sectional bookcases.

When you see the Macey Book Cabinets, your eyes will convince you that their exquisite style costs you nothing extra and that these sectional cabinets can be extended, rearranged or moved without spoiling their good looks.
